

Weed Abatement and Landscaping Crew Member

On Call

Work will be primarily located in Ventura, Santa Barbara, and Los Angeles Counties. Office is located in Ventura. Work schedule will be Monday-Friday, 8-10 hours per day. The busy season is in the fall through the spring.

Overnight travel may be required for up to 5 weekdays at a time.

Tasks include manual control of weeds; application of herbicide; installation/maintenance of plants, watering; and installation/maintenance erosion control. Physical conditions will be difficult including hiking long distances over steep slopes with equipment, camping outdoors (camping gear and provisions provided), and working in extreme weather conditions. Applicant must be in good physical condition with stamina for outdoor work. Skills needed include: observant of details, patience for doing repetitive tasks, and safety-conscious. Work may be done either independently or as a team. Training will be provided as needed.

Pay starts at \$10.50 per hour, with increases according to merit and responsibilities.

Successful applicant will have: knowledge of plant care and weeds, knowledge and basic familiarity with various hand/power tools and irrigation systems, access to vehicle, current drivers' license, acceptable DMV record and insurance.

Desired experience with California native plants, environmental conservation, and basic ecological principles and the ability to drive stick shift.

Please submit your resume by email in MS Word format, or email a description of your qualifications to:
