ABOUT US

Wildscape Restoration, Inc. is an 8(a) certified environmental consulting and design-and-build landscape firm. We provide biological resource consulting, habitat and landscape design as well as landscape installation and maintenance. The variety of services for design and installation makes for a one-stop shop. This saves our clients tens of thousands of dollars per acre per year. Our integrity and consistent quality improves relationships with regulatory agencies and increases responsiveness.

CLIENTS AND PROJECTS

U.S. Border Patrol

Landscape Maintenance—Wildscape was responsible for 4 facilities in Washington State. We performed landscape maintenance including lawn care, herbicide treatment of weeds, trimming of trees and shrubs.

U.S. Army Corp of Engineers

Groundskeeping—Wildscape conducted general landscape maintenance on approximately 2 acres for the Encino, California facility. We conducted lawn care, herbicide treatment of weeds, trimming of trees and shrubs.

U.S. Aviation Authority,

Fencing Replacement—Wildscape removed and replaced chain-link fencing at the Los Angeles World Airport in a biologically sensitive area.

CA Department of Motor Vehicles

Landscape Maintenance—Wildscape provided services for Ventura, Santa Barbara, and Newhall facilities. Wildscape is responsible for irrigation maintenance, lawn care, pruning, and weeding.

**West Basin Municipal Water District
Ocean Friendly Garden Program**

Maintenance — Wildscape provided maintenance services for several drought-tolerant demonstration gardens located in the West Basin 17-city service area. Each project site is unique and requires different types of maintenance including shrub pruning, ground cover trimming, weed control, mulch spreading, irrigation monitoring and debris removal.
